SAFT LS 17330 Quality Statements

Date: Oct 31st, 2025

Document ref: ZHCSE PA217

Rev: A

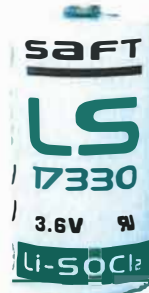

Saft (Zhuhai Free Trade Zone) Battery Co., Ltd. is a wholly-owned subsidiary invested by SAFT Group of France in China. The main production equipment, product technology and manufacturing process are coming from France. All the main raw materials used in the production of Saft plants are provided by the Group in Europe, and other raw materials are also provided by qualified suppliers which approved by the Group, so the batteries produced by Zhuhai plant have the same performance as other SAFT plants.

In order to keep the same stability, reliability and consistency of product quality, both Zhuhai plant and UK plant are using the same design, same manufacturing process and quality control method for LS 17330, there is only slight differences in the appearance and part dimensions of the cell, details as follow :

1. Appearance

Made in UK (stop production)

Made in China

2. Sleeve

Made in China

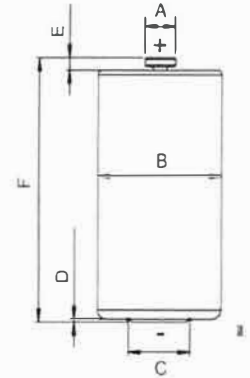

3. Dimension

LS 17330 cell made in China P/N C10-0562

| A | B | C | D | E | F |
|----------------------------|------------|------------------------------|------------|------------|-------------|
| ∅ 4.3 (on flat surface) | ∅ 16.5 max | ∅ 7 min (on flat surface) | 0.35 ± 0.3 | 1.40 ± 0.3 | 33.10 ± 0.3 |

LS 17330 cell made in UK (stop production) P/N T32/8AA.1

| A | B | C | D | E | F |
|-----------|--------------|-------------|-----------|-----------|------------|
| ∅ 4.0 max | ∅ 16.3 ± 0.2 | ∅ 8.7 ± 0.3 | 0.5 ± 0.1 | 1.2 ± 0.2 | 33.1 ± 0.3 |

Before the batteries delivery from the plant, SAFT will fully check the open circuit voltage, load voltage and appearance 100%, also take some samples for capacity test and size test to ensure that the delivered batteries can meet the product specifications and customer requirements.
